

April 17, 2018

Commencement of Drilling:

- Follow up Diamond and Auger Infill Drilling at Casino and Fako Prospects
- Extension Auger Drilling along the Awari Shear

Figures 1: Awalé's District focussed Project Areas with the Bondoukou Project being the current main focus of drilling

Figure 2: Fako and Casino Prospect for Current infill Auger and Diamond Drilling

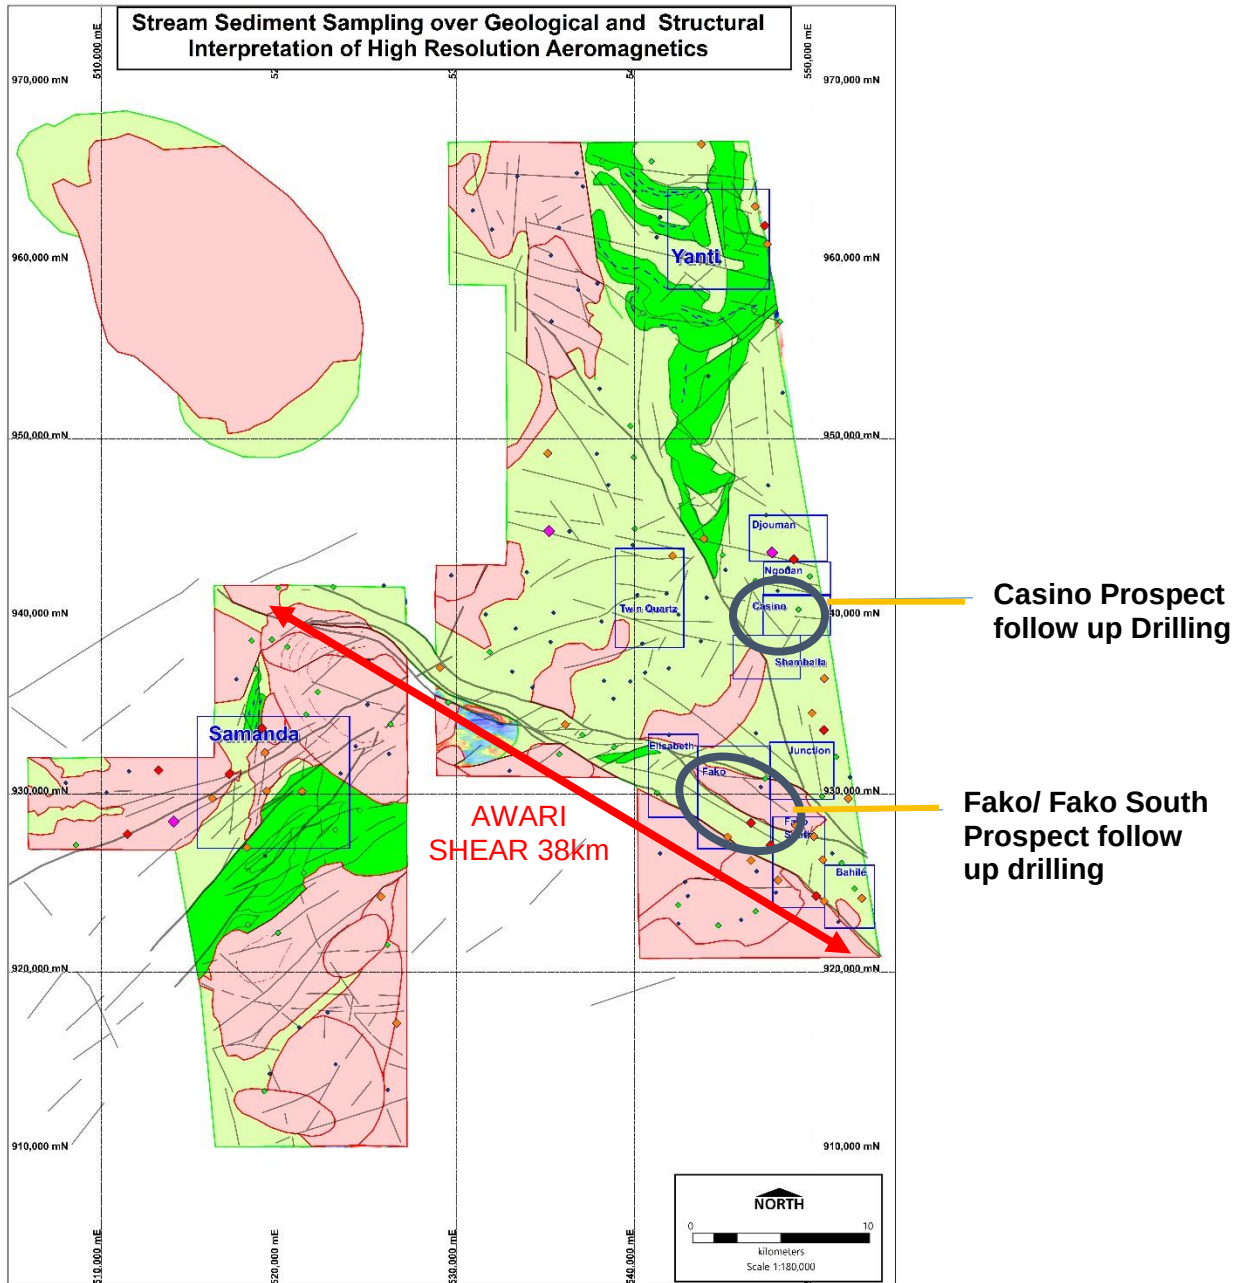

Figure 3: Auger Extension Drilling along a further +/-25km of the Anomalous Awari Shear to extend current known 15km Mineralised trend
